

Desired behavior

- ▶ Handout mode collapses these pauses into one slide
- ▶ I expect this behavior and want it here
- ▶ But I do not want it on the next frame
- ▶ Imagine the following tikzpicture is very complicated
- ▶ I want to make small changes, shown as separate slides
- ▶ I want these to remain as separate slides in handout mode
- ▶ How to accomplish this? Thanks!

Desired behavior in handout mode

Show this graphic with only this text as one slide

Show this graphic with only this text as a **separate** slide
